Subject: Meeting on OSHA rule/science

There will be a meeting to discuss the scientific analysis of the proposed OSHA rule on IAQ and ETS. The purpose is to determine our current status and make plans cover any missing parts.

The meeting will be held at the offices of Shook, Hardy and Bacon in Kansas City, MO, 9:00-4:00 CDT, June 16, 1994.

More details will be forthcoming. Please pass this note on to the appropriate people in your area. For further info please feel free to call me at 804-274-5991.
